PRANJAL KAKLIJ

(+91) 9112081716 | **kaklijpk@gmail.com** | **www.linkedin.com/in/pranjal-k-9642221b4** | Mumbai, India

EMPLOYMENT

Jr. Java Developer   **Puratech Solutions India Pvt Ltd**   **Oct 2022 - Present**
PROJECTS
eCBF

- Enabled Commodity-Based Finance Solutions to function as an Agri-finance system, facilitating banks to disburse loans to over 30,000 customers based on their commodity stock.
- Offer diverse repayment options and adeptly manage NPA classification, tracking principal and interest overdue on a monthly basis as part of the Loan Management System (LMS) functionalities.
- Developed and maintained the Collateral Management Interface and Mobile Application (serving over 10,000 customers).

Supply Chain Finance

- Developed an automated onboarding process for Anchors and Dealers within the Electronic Channel Financing System application, leading to increased engagement rates during first interactions by over 25% across all new users.
- Integrate Loan Management System (LMS) capabilities, handling over 500 Loan Disbursements, Repayment, Repayment Reversal, and more. Simplify end-to-end loan processes for efficient financial management.
- Calculated interest and penalties for over 100 loan accounts monthly, ensuring accurate financial reporting that contributed to a streamlined month-end close process within the finance department.

Java Trainee Intern   **SoftCrowd Technologies**   **Feb 2021 - July 2021**

- Designed and developed a comprehensive hotel website by seamlessly integrating front-end and back-end technologies, delivering a user-friendly interface and robust functionality to enhance customer experience.
